Hi Jim,

I have a case coming up for trial on 10/22. Are you available around that date? The chemist who analyzed the drugs in 2002 was Gerald Giguere who has since retired. I understand that in those situations, you will typically testify as the keeper of the records from the lab. The lab certificate numbers are [REDACTED]

Can you send me an updated resume? I know that you had sent me one before when I was in Holyoke but must have misplaced it when I moved to our Springfield office.

Let's touch base about this next week. Hope things are going well for you.

- Anne
